

We know the form can look daunting, but it is designed to be simple and flexible. You can print it in advance, and it auto-saves so you do not have to finish in one go – just return to your profile later. Photos and videos are powerful, and not every access feature will apply to your venue, so simply share what is relevant.

There are three sections:

1. Venue information and photos

General information about your venue.

2. Accessibility features

Accessible facilities and details about your venue.

3. Contact details page

Contact details for publishing.

Section 1 - Venue Information and Photos

Venue name *

Venue description *

A brief description of your venue and what you do.

Main venue category *

For example a museum, theme park, station or coffee shop.

Subcategories

Please select up to 3 additional categories or facilities that your venue has. For example a museum may have a cafe.

Main photo *

This will be your venue's main photo and will be shown in search results and reviews.

Photos, Videos, Audio *

You can upload up to 20 photos, videos or audio clips. Please include photos that show useful accessible features, such as entrances, toilets or parking as well as general venue photos.

Section 2 - Accessibility Information

Please detail accessibility features, services and activities for your venue. If you select Yes to a section, further options will appear as well as a free text box.
